ONARIO ELECTION
In one of the most remarkable elections in Ontario's history, the Hearst government was defeated in the general election held Monday, Sir William Hearst, all but two members of whose cabinet were not elected by acclamation went under in the landslide of the strong following of 70,700 members who beat behind the prime minister in the last legislative only 27 members remain.

The defeat of the Conservatives was due almost entirely to the tremendous vote rolled up by the United Farmers of Ontario, who took 43 and 12 seats respectively. The Liberals, despite their win on five seats in Tory Toronto, lost in the new legislature, defeated as they were in the last house.

The largest single party in the new house will be that of the farmers, who will ally with either of the old parties and the Labor members to constitute a large working majority. Just what will be the next government of Ontario it is impossible to forecast at this time. It is doubtful if the points will be settled until the next legislature meets. Sir William Hearst will remain in power until the house meets.

**Teachers Forming
Strong Organization.**
A committee representing the teachers' organization of 144 western provinces, met in Winnipeg and drew up resolutions with object of creating closer cooperation between the teachers of the western provinces. It was pointed out that they would be working the example of the department of education by so acting. The proposed to publish a monthly magazine as the organ of the teachers. When the time is ripe, they will co-operate with the east and make a Dominion-wide organization, but in the meantime energies will be directed toward organizing the west.

**Red Cross Holds
Annual Meeting**
Although the local branch of the Red Cross Society has not been very active lately the officers have kept the organization alive by meeting periodically until such time as some definite plan has been arranged for the work to be undertaken during peace time. The general meeting called for last Tuesday was not very largely attended but those who were present did not let the organization for the present, as circulars from headquarters showed that there is still need for work to help allied soldiers still in Siberia on service and in hospital, as well as to help unfortunate in France and Belgium.

Mrs. Lydell was again elected president and Mrs. Fairbairn vice-president. As Miss Harnden had tendered her resignation as secretary, Mrs. C. Hargrave was appointed to fill the vacancy. C. G. Harcourt was elected treasurer. A vote of thanks was tendered to the retiring secretary for the faithful and efficient manner in which he had conducted the business during her term of office.

A letter was read from the headquarters drawing attention to the need for the Red Cross to be active in the new work which could be undertaken it was necessary to find out how many would be in the line at the time. We would all those, therefore, who are willing to help in this matter, send their names to the president, Mrs. Lydell, at once as possible.

**Edmonton Couple
Are Married Here**
A very pretty wedding took place at 8 o'clock Saturday, Oct. 18th, at the home of Mr. and Mrs. Duncan McLaughlin, 219 Fifth street, Redcliff, when Rev. Dr. Shearer united in marriage Jack Colwell, of Edmonton, formerly of the 194th Edmonton Highlanders, to Mrs. Earnest DeChene, widow of the late Earnest DeChene of the 194th battalion, Edmonton. Mrs. McLaughlin was brides maid while Mr. McLaughlin acted as best man.

**Says G.T.R. Purchase
Is Scheme of Capitalists**
Allegations that the present offer for the Dominion government take over the Grand Trunk railway system is being manipulated by the same gang of capitalists who have been behind the C.N.R. purchase, were made by Hon. George P. Graham, minister of railways. The purchase of the Grand Trunk railway system is being used by a group of capitalists. Mr. Graham contends as a stock gambler. He is of the opinion that the seizure of the Grand Trunk Pacific by the government was dictated in London and from London, that when the stocks of the Grand Trunk Railway were low, in consequence, the purchase was made by the group of capitalists, and that this same group will make immense fortunes if the government takes over the railway system. Mr. Graham declares that he believes the same group of manipulating capitalists hope to gain a big profit from the sale of the government-owned system when the people become disgusted with public ownership.

**Dominion Bye Election
Held Next Monday**
In Stormont-Glenlyon Brig.-Gen. C. H. Harvey, Independent Conservative, and W. J. Kennedy, United Farmer candidate, were named for Victoria, N. B. T. W. McNeill, United Farmer, and W. W. McNeill, Independent, were named for Assiniboia, Sask. W. R. McNeill, Liberal, and O. R. Gould, Farmer's party, were nominated for six Dominion bye-elections which will be held next Monday.

**Wm. Cross Died
Here Last Saturday**
Although seriously ill for over a week, the announcement of the death of William Cross last Saturday night came as a great surprise and shock to his many friends in town. Deceased contracted pneumonia which rapidly developed, pleurisy and his condition became such that little hope was entertained for his recovery. Last Sunday work he was removed to the private quarters in Dr. Brown's office where he was given the best possible attention and everything done to save his life, but in vain. He passed away late Saturday night, October 18th.

Deceased was born in Oxfordshire, England, 58 years ago. He came to Canada four years ago, and has resided in Redcliff for the past three years. Since coming here he has been engaged in the garment business, and although of a quiet, reserved disposition, he was a most friendly and sociable person, and was well known to all his friends. He was a member of the Redcliff branch of the United Farmers of Ontario.

**Will Run Farmers
For Dominion House**
That he believed Farmer and dated since, with very few exceptions, he has been in the rural constituency in the three prairie provinces at the polls. He was elected as the candidate by the United Farmers of Ontario, president of the Canadian Council of Agriculture. These candidates, he stated, would enter the field in support of the new national policy as outlined by the organized farmers. The aim was to have all rural constituencies in Canada represented by farmers. If this was accomplished, he thought, the results would be more than duplicated in the west.

Concerning the next provincial election in the west, Mr. McNeill stated that he did not anticipate that a candidate of a Farmer party would be placed in the field, as in the three prairie provinces and parts of the west where there are in closer touch with farmers than was the Hearst government in Ontario. He stated that he would enter the field in support of the new national policy as outlined by the organized farmers.

**Says Government
Is Fostering O.B.U. Men**
J. H. McVeety, who represented the local trade and labor council in Vancouver (Int. national) at the recent meeting of the O.B.U. in London, said that the council last night on the part of the congress, declared that the O.B.U. was a government organization, and that the government was fostering it. He said the Canadian National Railway employees employed most of the One Big Union men who were in western Canada and the Equilateral navy was a breeding ground for One Big Union men.

**SAYS BOLSHIEVIST SHOT
THOUSANDS OF PRISONERS.**
Prof. Guido Schneider of Riga, in a lecture at Stockholm stated that the most serious crime of the Bolsheviks was the shooting of thousands of prisoners in Riga. The executioners, intoxicated and unable to aim straight, wounded their victims time and again. He said that the executioners were times later a whole day and night, he said. Young girls, elegantly dressed, were seen at their agencies, which were ending up and down with rifles fired at the prisoners.

**Redcliff Young
Man Honored
At Birth Place**
In the United States they have what they call the Post of the American Legion and this corresponds with our O. W. V. A. In the town of Princeton, Minnesota, there is one of these associations and it is called the "American Legion." A Redcliff young man was among the first to have this town for service in the Great War.

W. Woodcock was a son of Mr. and Mrs. A. W. Woodcock of this town who was one of the pioneers of the town. He was born in Princeton and was one of the first young men from this town who made the supreme sacrifice. Hence that post named after him.

What Big Majority
The following are the results of the election in the United Farmers of Ontario: Question 1—43,215; No, 502,229—Majority 380,778. Question 2—43,215; No, 502,229—Majority 380,778. Question 3—43,215; No, 502,229—Majority 380,778. Question 4—43,215; No, 502,229—Majority 380,778.

**Much Speculation as
To Outcome in Ontario**
When the result of the Ontario election became known many rumors were set on foot as to how the new government would be formed. One was that the Conservatives and farmers would unite and another was that the Liberals would and Farmers would work together. According to a report, the result of this morning's vote will show that the Conservatives and farmers will not unite, and Farmers would work together. **To Have Proportional
Representation Here**
Before the next general election it is expected in the province of Alberta, a proportional representation system of voting will have been put into effect by the provincial government. This important proposition, the most vital of the campaign in the local Victoria League offices for information, was given by Premier Stelmart to an audience in the Dog House U. F. Hall, where Mr. Stewart and Mr. Duncan, members of the Victoria League, were present in behalf of the candidate at K. V. Thompson, the Liberal candidate.

NOTES**
The whist drive and dance given in the club room last Friday evening was a great success and the members wish to thank all those who helped in making it so. Great interest was taken in the drive and the contest was very close. The winners of the first prizes were Mrs. H. Moore and W. B. Kierley. While the consolation went to Mrs. Osgood and R. Clare. After the dance the prizes lunch was served and then the decks were cleared for the last item on the program which was a dance. On the whole a most enjoyable evening was spent.

Comrade who have any teeth to be attended to are reminded that Dr. Taylor, our representative, is at present in town to look after this work. As Dr. Taylor's time is limited, all concerned are urged to make appointments as soon as possible. Keep in mind the massacre ball in the hall on Wednesday night (next Friday). Start now and get your costumes ready. Good prizes are being offered for both character and comic costumes. This from now to one of the jolliest events of the season. Don't miss it.

A PLEASANT SURPRISE.

Those who did not attend the band concert in Reid's hall two weeks ago but were out to the sacred concert in the Amuse-U last Sunday evening, got the most agreeable surprise of their lives. Those who have not heard our band play lately had no idea they were making such progress and were playing such difficult and popular music.

The program last Sunday evening, made up as it was, of a good variety of selections, would be a credit to centres much larger than Redcliff. All of the twenty-two players are residents of the town, and many of them took their first lesson from Lester Sutherland since he has assumed the leadership. That they are now able to play so well is certainly a credit, not only to the boys themselves but to their painstaking instructor.

It is certainly hoped that this organization can be kept together during the winter months and that it may continue to develop and improve as it has in the past. With a continuance of the interest both on the part of the players and the citizens generally this should be easily possible.

Keep on the good work, boys, the citizens are behind you and will give you all the necessary assistance and encouragement.

A MUDDLE.

The situation in Ontario as a result of the recent general election is the most tangled in the history of the old province and what will be the outcome would be hard to guess at this time.

As it now stands the farmers have the largest number of members of any one party but they are not sufficiently strong to form a government without joining forces with some other party or combination of parties. At that, however, they appear to have the upper hand, as there is no likelihood of any combination of forces getting together without considering the farmer element. The situation is the most novel and embarrassing position. He is expected to see that the government of the province is carried on but the great question that confronts him at the moment is, "On whom shall he call to form that government. Under ordinary conditions where the result of an election is close, the party in power at the time of the election has the advantage, but on this occasion it does not appear to be the case unless by some magic turn in the wheel or fortune Premier Hearst is able to muster all other forces outside of the farmers to his support.

This is out of the question. The same situation faces the leaders of Liberal party, Mr. Dewar. As for the farmers they have no recognized leader and since they have refused to join forces with either of the old line parties they could not, even by joining forces with all the rest, make themselves sufficiently strong enough to move and act unopposed on record and place the Lieutenant-Governor in a most awkward position. In a house with 111 members they would have but 60 supporters and after electing a speaker, the division on the floor of the house would be equal.

The situation certainly is a muddle, and unless there is some

fusion of the several parties concerned another general election will be necessary. In this event, the farmers would likely put a candidate in every riding in the province and make a clean sweep of it.

POLITICAL SENSATION.

The bye-election for the local legislature which is now waxing warm in the Cochrane constituency, is having its sensations, like all other political elections of the day. In this contest there is as a former candidate and a former supporter of the Stewart government. Things had been going along very much as usual in this campaign until yesterday when things began to get complicated and it would appear that no other than H. W. Wood, president of the U. F. A., has thrown the wrench into the machinery. Mr. Wood is reported to have said at one of the political meetings that the farmers political party is a class movement and that the farmers would not join with or take any other class in with them.

As a result of this James Weir, the non-partisan league member of the legislature, who had hitherto been supporting the U. F. A. candidate - in Cochrane, has denounced what he calls the "soviet" proposals of Mr. Wood and says that class groups for political purposes is "autocracy of the meanest and most vicious kind. Weir has, as a consequence, withdrawn his support from the U. F. A. candidate.

A START MADE.

It will be good news to farmers of the district as well as towns people to learn that some movement is being made to get the government interested in the irrigation proposition in this district.

During the last few weeks Rev. D. Hollinger and J. F. Banding have been taking some action in this direction, and we are pleased to report that they have been meeting with considerable encouragement and success. They have interviewed Col. Spenser and Mr. Houston, a representative of the department of the Dominion government interested in this line, and Mr. Hays, the manager of the Southern Alberta Land Company. Mrs. Houston promised every assistance in any movement along these lines in this district, and arrangements were made with him to have a government surveyor go over the land in question and make a preliminary survey so as to be in a position to have some definite data upon which to proceed with further development.

This winter is the time to get all the preliminary work attended to and since the initiative has been taken by the two men referred to above every farmer interested in this movement should give them every support and assistance in bringing the matter to a successful issue.

We have heard a great deal about the many changes that could be brought about by the ear. With Torontonian returning four Liberals we are beginning to think there is something in it.

Patriotic Picture

Coming to Amuse-U

With terrific speed there is unfolded the greatest patriotic production of the day in "On the Home Front" William Fox comedy, featuring George Walsh, the famous screen comedian, which will come to the Amuse-U theatre, for two days, commencing Monday, Nov. 3rd.

The picture deals with Liberty Loans and George Walsh, as a salesman who exults Paul Rivers, sells over \$100,000 worth.

He resigns as a newspaper's porter when he becomes suspicious of the new proprietor and while setting as a salesman he develops leads that later result in the arrest of the newspaper owner, and there is unearthed Germany's master plot to control the

Bolshevik Regime

Drawing to Close

"The final crash of the Bolshevik regime may be delayed some weeks, but it is inevitable. The closing act of the red drama is already under way, according to reports from military attaches and special agents."

Only the inertia of the anti-Bolshevik groups has permitted the present Moscow government to remain alive beyond Sept. 15, one official who has made a special study of the situation said. The Bolshevik organization, the reports say, has been so poor at the dissolution of the confidence of the masses—that only a push was necessary to start the fall. The push has been lacking because there was no efficient co-operation between the actual leaders and in the absence of initiative or ability on the part of any one of them to start the forward movement.

Gen. Denikin's advance toward Moscow, the campaign of air troops, waged by the northwest Russian volunteers and the stiffening of Admiral Kolchak and his allies, the reports say, have furnished more than the hoped-for pressure.

"A continuation of this pressure of

any one of these forces for one week will bring the Bolshevik regime to a military expert. "The British alone, through their assistance to the north-western group operating in the north-west, can turn the tide."

All Soldiers Will

Get a Victory Medal

"The grant of the Victory Medal to British Expeditionary Forces is now an accomplished fact. His Majesty the King has been graciously pleased to recognize by the granting of a distinctive medal, the military forces in theatres of war since the 5th of August, 1914."

This medal which will be designated "The Victory Medal" will be identical in design with that issued by the allied and associated powers for service in theatres of war and will obviate the interchange of Allied commemorative medals.

GERMANY HAS PAID

FIRST INSTALLMENT.

"The Cologne Gazette says it understands that Germany has paid the first installment of the war indemnity. The newspaper says it consisted of securities of various kinds, amounting to \$20,000,000 marks."

PLANS FOR REVOLT

SHIPPED IN THE HUD.

Plans for a revolt in Alsace, to take place on September 24, have been discovered at Strasbourg, according to the Echo de Paris.

The alleged chief conspirator, an engineer named Knapser, has been arrested with two accomplices, and it is said that a leader of a Bretonian union, a former Alsatian deputy, and a French Socialist, are believed to have been implicated.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part—

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is fulfilling all the jobs."

"I hope every city and district will win my flag."

Striking and beautiful in design, this flag will form not only a unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner is the Prince of Wales' Coat of Arms. The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined, according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one, and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be seen to the flag. The Prince's Crest—

the three ostrich plumes—is shown at the top of the crest of each district.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do so.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve"
Will You also Serve?

of the Dominion of Canada.

Few Bond Buyers**Affected by Tax**

There is a general impression abroad that the total amount of money invested by any one subscriber in the Victory Loan 1919 will be subject to taxation. This impression is erroneous. It will be the interest from the investment that will be taxed, not the principal invested.

As a matter of fact very few investors in the new loan will be brought within the scope of the Income Tax Act by reason of investments in Victory Bonds. With small estates and investors the law does not become effective under \$2,000 in the case of married persons or persons with dependents, and \$1,000 in the case of married persons without dependents. Municipalities and fraternal societies will not be subject to taxation in their investments in the loan at all. The interest from the bonds will not be more taxable than ordinary income, subject to the general laws of the land.

Booze an Issue**In French Election**

The fight against alcohol will be a leading plank of the national platform in the forthcoming elections in France. Ministers are demanding the absolute suppression of alcohol, and the walls of Paris and the larger cities are already plastered with these demands. Pamphlets and posters have been mailed by the hundred thousand to hotels and individuals in the provinces.

If France does not suppress alcohol, alcohol will suppress France; the posters proclaim in huge characters, and add "three million individuals live upon the traffic of alcohol; thirty-five million suffer and die from it."

Beats For Yukon**Frozen in the Ice**

Many women and children are included in the 240 passengers of four Yukon river steamers which are jammed in the river ice owing to the early freeze-up. Passengers are desperate to get word to keep warm in the vessels' boilers.

Only a moderation in the weather will possibly enable the boats to reach Dawson. Should the weather moderate, those marooned must wait several weeks for the coming of snow and dog teams. For the present the supply is ample.

The four steamers are the Alaska and Seattle, frozen in about 60 miles below Dawson, and the Yukon and Washburn, below Circle.

SEED GRAIN DISTRIBUTION. The annual free distribution of samples of seed grain is being conducted at the Central Experimental Farm, Ottawa, by the Dominion Cereals.

The following kinds of seed grain will be sent out this season:

Spring wheat (in about 4 lb. samples); white oats (about 4 lbs.); barley (about 5 lbs.); field peas and garden peas (about 5 lbs.); field beans (early ripening, only for districts where the season is short, about 2 lbs.); fax for seed (about 2 lbs.); and fax for fibre (about 2 lbs.).

Only one sample can be sent to each applicant.

Applications must be on printed forms which may be obtained from the Dominion Cerealist at any time after September 1st.

As the stock of seed is limited, farmers are advised to apply early to avoid disappointment. No application forms will be furnished after Feb. 1st, 1929.

PRESENT TIME TABLE

FOR C. P. R. TRAINS.
The following is the new schedule of the C. P. R. which went into effect on October 15th, giving a lot of the time trains pass through here after that date:

GOING WEST.

No. 3 leaves Redcliff at 13.40.

No. 1 leaves Redcliff at 21.40.

GOING EAST.

No. 4 Redcliff at 10.30.

This is railroad time, which means that anyone wishing to take a train should be at the depot one hour earlier.

ITEMS OF LOCAL INTEREST

W. Towell returned to town this week and will spend the winter here.

WANTED—Experienced Lining room girl. Apply at Redcliff hotel.

"Killies Brushed Wool Suits." Gibson & Tupper.

Keep in mind the supper and concert to be given on Thursday evening, Nov. 6th, under the auspices of the Presbyterian church.

The little five-month-old twin of Mr. and Mrs. Thos. Tonks died suddenly today from a severe attack of cholera infantum.

Word has been received in town that W. H. Sherwin, a former Redcliff resident, was recently married in the south.

Geo. Gammon, who has recently returned from overseas, left town today to start work on the C.N.R. survey work north of town.

Mrs. P. Campeau and daughter, who have been visiting in the east all summer, have returned home again. Many friends will be glad to know that both are much improved in health.

In this issue Geo. Dixon, who lives about six miles north of town, is announcing a big auction sale of stock and implements. Look up the adv. and see if there is anything you need.

Rev. D. Hollinger left last Friday for F. Ricana, Alta., to take charge of the opening ceremonies of the B. Brothers church at that point. He is also holding a series of meetings in this town.

The dance given in Reid's hall last Saturday evening, under the auspices of the Whis-bang orchestra, attracted quite a crowd and furnished another pleasant evening for the town. These dances are now becoming quite popular.

One day last week F. Hulme, whom farm along the river in the Bon Springs district, discovered a human skeleton along the bank of the river. Investigation proved that the body was that of young Lewin who was drowned while bathing at the bridge in Medicine Hat last summer.

In the bowling competition at Maclellan last week Eddie was the winner of the prize in the ten pin class. Jardine in the straight 8-pins and Ann Newhouse in the American 8-pins. The competition for this week is now well under way and competition is keen.

There is some talk of forming a bowling league in town for this winter. As we have a number of bowlers and as every industry ought to get a team in the field, a league would be a good idea. Why not call a meeting and make the necessary arrangements. Since we have no curling rink we have no doubt that such a league would be patronized and great interest would be taken in it.

Calvin's "Little Darling" boots, all wool; white, black and brown. Gibson & Tupper.

Fred Newhouse left today for Seattle where he will spend the winter.

Robt. McCarty is in the ranch and is spending a few days in town this week.

W. J. Fairbairn leaves tonight for Morrin where he will visit his son for a few days.

A pair of motor gloves were left at this office. Owner can get same by bringing receipt.

Mrs. (Dr.) Brown returned home last Monday evening after spending the summer visiting friends in Vancouver.

A good quality in white corded velvet for children's coats at Gibson & Tupper.

Mr. and Mrs. E. Watson and Miss Hollinger, who have been at the racetrack coast for the past month, returned home last Saturday.

According to Dame Rumor Redcliff is about to lose a very popular young couple in the near future. If the old Dame is correct this young couple contemplates embarking on an life's journey together, and as they are leaving this great natural gas belt we would suggest that they carry a little Coal in their trunks in order that they may be prepared for a hard winter.

Be sure you keep the children warm at night in Knap-rite or Knap-rite lined sleepers, sold at Gibson & Tupper.
